The documents recording enclosures all follow the pattern laid down by the Act of 1845:-

1. Application from local landowners of land for enclosure
2. The appointment of an Assistant Commissioner by the Inclosure Commissioners, to be responsible for the enclosure and to ensure that correct procedures are followed.
3. The appointment of a valuer and surveyor to make a survey of the land, convene meetings and to carry out the necessary procedures.
4. The awarding of allotments of land to those entitled to them.
5. The obtaining of funds from claimants to defray all expenses of enclosure.

NB: Inclosure No 4, that for Cathedine Common, does not appear to have been transferred from Brecknock Museum with the other material.
