

**MC/PA Montgomeryshire County Council
Public Assistance**

The County Council and District Councils were responsible for Public Assistance from 1930 to 1948. Area Guardians Committees, answerable to the Public Assistance Committee, were appointed to supervise the institutions (the old workhouses) in each district. Some early records are to be found with the Guardians records, many later items relate to Y Dolydd which from 1948 to 1974 was the responsibility of the Welfare Department. Accessions 46 and 54 transferred from Social Services Department 10th November 1982 and March 1984. Accession 145 transferred from Montgomeryshire District Council 10th December 1985. Accession 191 transferred by Chief Executive 12th May 1986.
