Diaries of Head Teacher (T G Moses?) of Presteigne Grammar School, now John Beddows

Closure period of 30 years

The headmaster was in post 1956-1966. He embezzled school funds and was sent to prison for 3 years. These diaries were used in court and subsequently labelled as "exhibits". The headmaster died six months after leaving prison. He had sustained head injuries during the war which was said to have contributed to him stealing money. *Information supplied by George Scarfe (Legal Department), who attended the school at the time.*

/EL Electoral Registers – Brecon & Radnor Constituency

In 2001, the regulations concerning electoral registers were changed. Formerly, a draft register was produced in November, and the final version the following February. From December 2001, one register is produced in that month each year. From 2002, electors could choose to have their details excluded from the version of the register which is sold to other bodies, this resulted in full, and edited, versions of the register being produced for each year.
