Boxes 8 & 9 consisted of bundles of plans, originally marked 'Exempt' Not Approved' and 'Un-numbered'. Each category has been listed and numbered as a separate entity. Where numbers have been missed, this is because all the plans were numbered and listed, then cross referenced and put together where appropriate, so some numbers became redundant. The 'Not approved' category does

not necessarily contain all the plans which were not approved; some plans in the numbered sequence in boxes 1 – 7 are marked ‘not approved’.
